

## SWAP Access course listings

### **SWAP East Access Courses**

SWAP East works with partner colleges in the east of Scotland to run a range of one-year access programmes for adult learners. These access programmes lead on to degree programmes at SWAP East partner universities, including the University of the Highlands and Islands.

### **Who is SWAP for?**

SWAP is for anyone looking for a second chance at education and who aims to fulfil their academic potential by studying for a higher education qualification. The programmes are designed to provide a supportive environment for adults returning to education. You don't usually need any formal entry qualifications. You do need to be ready to learn about a range of subjects and have the motivation to succeed.

### **Progression routes and further information**

Below is the list of SWAP progression routes for 2020-21. We additionally accept applications from students of SWAP West. Although we do not publish pre-approved articulation links from SWAP West courses, all SWAP students are welcome to apply to any of our degrees.

Further information is available from: [Scottish Wider Access Programme - East](#)

Please note that completion of a SWAP course does not guarantee entry to one of our degree courses. However, it does provide you with a recognised entry qualification.
