UHI Centre for History
Small Projects and Consultancy

The UHI Centre for History is delighted to be able to offer a wide variety of services to external bodies, including giving talks to heritage bodies, supporting summer schools, carrying out small scale research projects and so on. We have a dedicated and professional team with research expertise into the region's past, as well as into broader regional, transregional, national and global histories. We take part in research, knowledge exchange and public engagement in medieval, early modern and modern history. See our website for details of our research and current public engagement projects.

Please get in touch via history@uhi.ac.uk – we would be very happy to discuss your needs!
